The Atlanta Volunteer Lawyers Foundation (AVLF)

Dr. Von Nguyen, MD, MPH- PENDING APPROVAL

Acting Associate Director for Policy
Centers for Disease Control and Prevention

FULTON AND DEKALB DEMOGRAPHICS

- ✓ Fulton County is the most populated County in the state followed by DeKalb County at the fourth most populated.
- ✓ Both Counties are expected to grow at a rapid pace between 2015 and 2040 (DeKalb – 22% and Fulton - 30%).

	Population by Race/Ethnicity				
	Total Population	Percent White Alone	Percent Black/African- American Alone	Percent Hispanic/Latino	Percent Other Race or Two or More Races
DeKalb County	718,442	29.0%	52.7%	10.6%	7.8%
Fulton County	970,290	39.7%	43.4%	8.6%	8.3%
Georgia	10,214,860	55.0%	30.4%	9.1%	5.5%

- ✓ Both counties show more diversity than is average for the state.
- ✓ DeKalb County houses a greater percentage of Latino, African American, and LES residents.
- ✓ There are significant differences that (at times) may lead to disparities between the north and the south, by race, gender and age.

NATALIE S. BURKE
President & CEO

"Imagine the power of a purpose-driven workforce that sees business models as mechanisms for social change; values failure and recalibration as opportunities to succeed; and equity in all things as a tool to make us bigger, faster, smarter, stronger, and better at what we do – together."

POLLING QUESTIONS

Was the presentation regarding health equity in Atlanta relevant for your work?

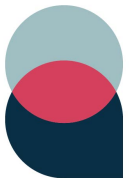

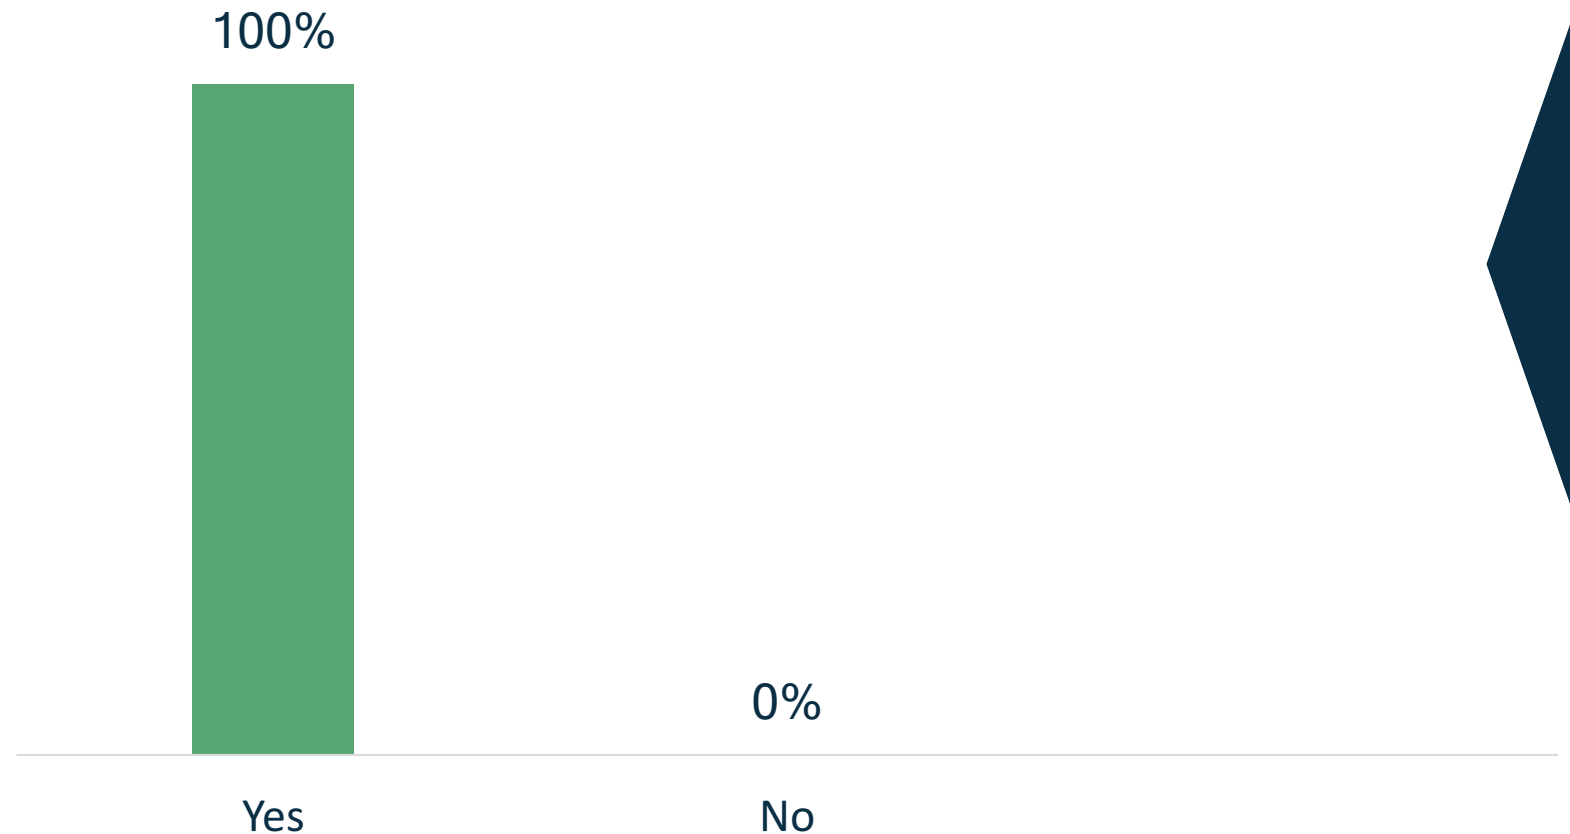

- A. Yes, very relevant
- B. Somewhat relevant
- C. No, not relevant

I would like to see ARCHI more directly address issues of health equity in its work:

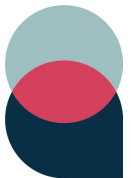

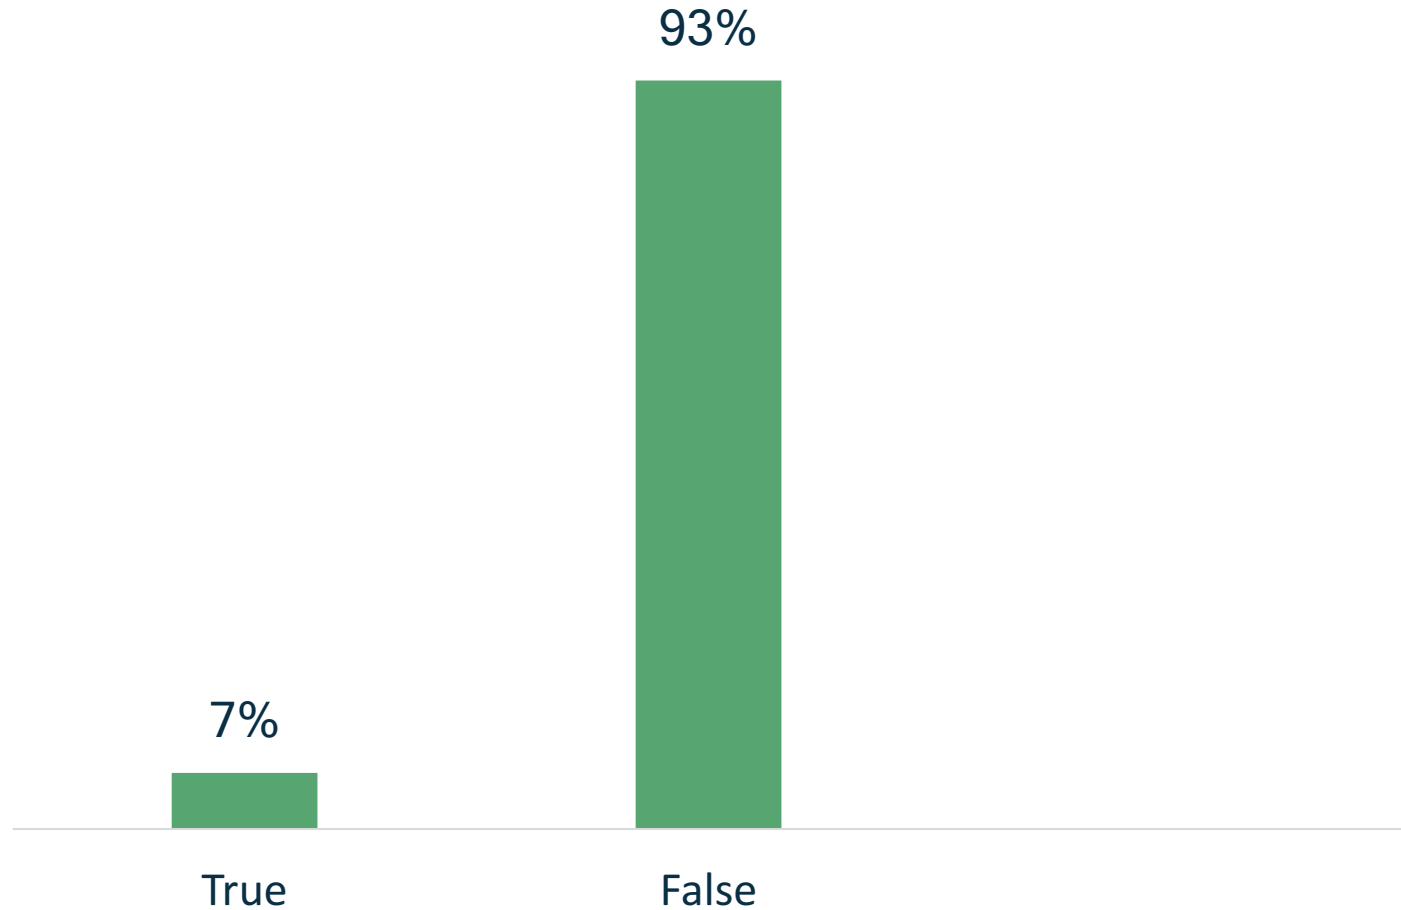

A. Yes

B. No

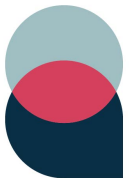

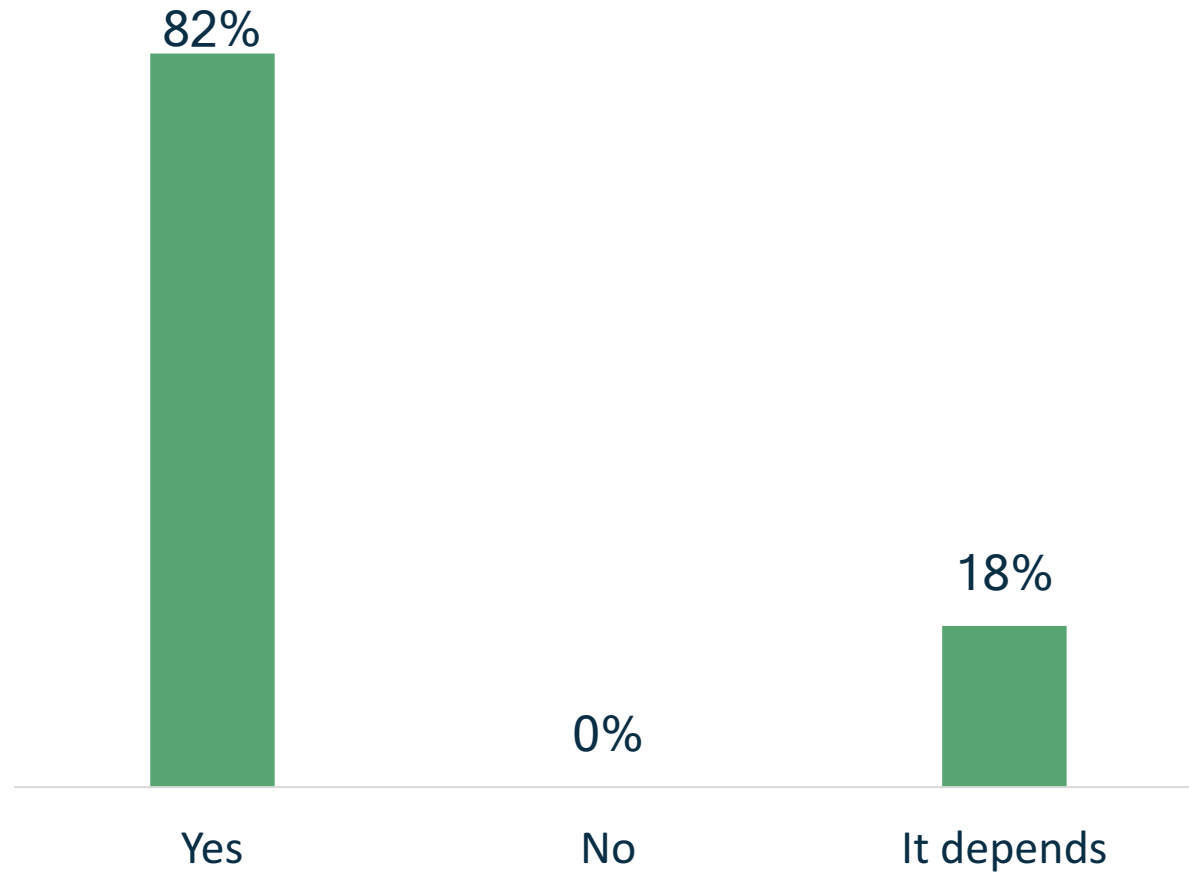

Health equity is a topic that is well understood by leaders in Atlanta:

- A. True
- B. False

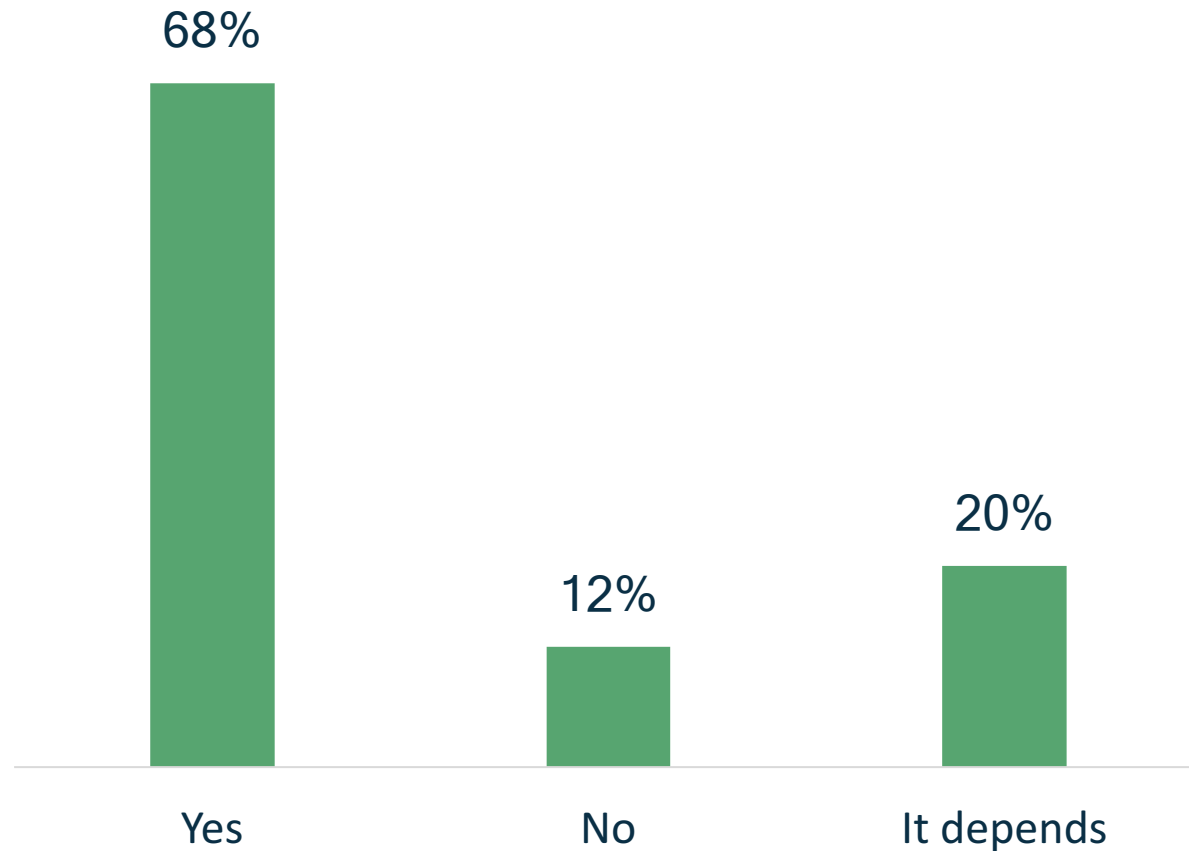

I am interested in participating in additional workshops to learn more about health inequities in Atlanta:

- A. Yes
- B. No
- C. It depends

I would be willing to dedicate time to several day-long workshops on this topic in 2018:

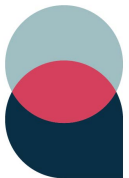

- A. Yes
- B. No
- C. It depends
